Dear Sir or Madam

### **NOTIFICATION OF WATERPROOFING WORKS M1 Junction 20 Lutterworth Interchange North Bridge**

I am writing to let you know that we will be carrying out essential renewal works to the waterproofing system of the north bridge located at junction 20 on the M1.

During our scheme of work, we will:

- plane off the existing carriageway surface
- remove and replace the existing waterproofing system
- resurface the carriageway

Once completed, our works will prevent water leaking onto the bridge decks, which in turn will protect the structures.

#### **When will the work take place?**

The scheme is due to start on **Friday 16 April 2021** and is scheduled for completion by **mid-May 2021**.

To minimise disruption to the local community, residents, businesses and road users, we will work:

- from 8pm on Friday until 6am on Monday - full weekend closures

Please note that all our planned roadworks may be subject to change due to adverse weather conditions or unforeseen circumstances

#### **How will the work affect traffic?**

To maintain a safe environment for our workforce and customers, we will work under full carriageway closures.

During these closures we will put in place signed diversion routes. All carriageways and bridges will remain open outside of our working hours.

## Maintaining safety during Covid-19

We are working hard to maintain the road network and are prioritising critical operational activities. This will help ensure that life-saving medicine, equipment, supplies and healthcare staff can travel to where they're needed most.

All our sites have strict safeguarding measures, in line with Public Health England guidance, to prevent the spread of Covid-19 and none of our sites are open to the public. All construction projects are closely monitored, and the situation is kept under constant review.
